Hon'ble Prime Minister of India
New Delhi

Subject: Challenges arising out of Demonetization.

At the outset, we appreciate your bold step which should yield long term benefits for the revival and boosting of not only our economy but morals also.

We hope that the following aspects shall also be in your active consideration:-

1. To adopt measures so that the 'Demonetization' exercise does not get converted into 'Remonetization' i.e creation of new black money economy. The measures may include-
 - i. Building –up of national character/culture by positive as well as negative motivation;
 - ii. To take stringent measures against re-creation of fresh black money; and
 - iii. Providing proper facilities and awareness amongst the rural India to gradually switch over to the less-cash society.

2. The huge money which the banks are receiving may be diverted for development of cottage and tiny occupational activities as well as for completion of infrastructural projects.

Hope your great efforts in rebuilding India would be blessed by the grace of 'The God'.

With Best Compliments.

Yours Sincerely
For Goyal Charities Association

CA Rajendra Goyal
(Chairman)
